

## **Thanks for Supporting the Rosebud Missions' Trip**

One way that you can really encourage your student or leader is to send them off with a care package. If you can have a care-package at the church by Wednesday June 15<sup>th</sup>, that would be great! Please drop them off in room 206.

A care package can include:

1. Bottled water: a good choice for a very hot South Dakota prairie
2. Pop: students love caffeine
3. Candy: most chocolates will melt, so a few for the trip out is all they'll need. But any hard candy will last all week.
4. Trail mix: nuts, raisins and whatever you might have
5. Granola bars and other somewhat healthy snacks are encouraged!
6. Pens, pencils, colors
7. Any sort of trinkets or food I haven't thought of
8. A letter or two for encouragement
9. A prayer letter

Size is important on our trips. A grocery sack or large paper bag would be perfect.
